

# X WALL Plus

LED All-in-one Display Terminal

## PRODUCT FEATURES

**Industry-level System**  
Reliable and User-friendly  
Operation

Industry-level system brings stable and reliable product performance. Control via mobile devices makes interaction more efficient.

Screen control via mobile device<sup>1</sup>

Self-developed APPs

**Ultra High Definition**  
Versatile Application Modes

Ultra-HD display effect ensures perfect viewing experience without loss of detail. Built-in video processing function supports screen splitting mode and easy switch.

4K@60Hz<sup>2</sup>

Various Scene Modes<sup>3</sup>

High gray scale level under low brightness

**Highly Integrated Design**  
Audio-visual All-in-one  
Experience

Built-in high quality audio system tuned by professional sound engineer and fully upgraded audio analytic algorithm provides immersive all-round enjoyment.

Professional Sound System

90DB Sensitivity

180Hz-20KHz Frequency Response

2\*30W Speakers

**Elegant & Decent Product**  
Appearance

New fabric cover design enables the product to fit in different application scenarios. Highly integration both on hardware and control system ensure more stable performance.

Fabric Cover

Sound Filtering & Dustproof

Adaptive Brightness<sup>4</sup>

Type-C Port<sup>5</sup>

1. Install APP called LedConfig on mobile phone and tablet PC to control the LED all-in-one display terminal;  
2. The HDMI 2.0 are used as external input and output ports, supporting 4K@60Hz signal input and output;  
3. The display terminal has built-in scene modes, including meeting mode, display mode, power-saving mode and user mode;  
4. Screen brightness can be adjusted automatically according to ambient light change;  
5. Front Type-C port can match Type-C USB flash drive.

## SPECIFICATIONS

Display Diagonal (inches)	138"	138"	165"	220"	120"	120"	150"	180"
Overall Dimension (W × H × D)(mm)	3064 × 1832 × 31	3064 × 1832 × 31	3674 × 2175 × 31	4894 × 2861 × 31	2678 × 1616 × 28.5	2678 × 1616 × 28.5	3344 × 1990 × 28.5	4010 × 2365 × 28.5
